For existing Clients - payment (additional payment) to the Cash Account of an amount equal to or more than PLN 100,000.00 (collectively, it can be divided into several minor payments, counted as the balance of payments to the Cash Account less the balance of payments from the Cash Account for the last 3 months) and in the indicated period, having a monthly average balance of the Cash Account at a minimum level of PLN 50,000.00	The market rate ON WIBID * 0,8 posted for monthly periods; applies in the case of the conclusion of an individual Annex to the Framework Agreement introducing appropriate provisions In the event of the conclusion of an individual Annex to the Framework Agreement, the Interest Rates on Free Cash CFDs (TMS Connect / TMS Connect Professional) set out in clause XI will not apply.
XI. Interest Rates on Free Cash	
The interest rate on Free Cash (Free Cash as defined in the Service Regulations applicable to the transaction system) upon fulfillment of the conditions indicated below (applies to Cash Accounts maintained in PLN, EUR and USD, does not apply in the case of conclusion of an individual Annex referred to in section X):	
Terms and Conditions Interest Rates on Free Cash - CFDs (TMS Connect / TMS Connect Professional):	<p>We do not require any action by Client, Interest Rates on Free Cash is activated automatically for all Clients Accounts that meet the following condition:</p> <ol style="list-style-type: none"> The Customer must have Free Cash in excess of the minimums set out in the below Table for each Varian The minimum Free Cash value for the purpose of calculating interest is determined on the basis of the Free Cash value at 23:59:59 CET on each given day in the calendar month for which interest is to be accrued In order to be entitled to an interest payment for the specific variant, the required level of minimum daily Free Cash must be exceeded on a given day for the proper variant which interest is to be accrued. Failure to meet any of the eligibility criteria on a given day will result in interest accrual at the level the criteria are met for the given variant.

If the conditions are met, interest will be calculated based on the value of Free Cash at 23:59:59 CET on each given day in the calendar month for which interest is to be accrued, according to the following formula:

$$(\text{Free Cash} \times \text{Interest Rate})/365.$$

Where an Account is opened during a calendar month, the interest is calculated from the day of Account opening until the end of the month. Where an account is closed during the month, the interest is calculated up to the end of the day on which the account is closed.

Accrued daily interest will be aggregated on the last day of each calendar month and credited to the Customer's Cash Account no later than the 10th day of the following calendar month. Interest for a given month will be credited to the Cash Account only if the accrued interest meets or exceeds the following thresholds: PLN 1, EUR 0.25, USD 0.25, GBP 0.25, or CZK 5. If these thresholds are not met, interest for the given month will not be due.

The applicable tiered interest structure is set out in the table below.

Interest on Free Cash shall only accrue up to the maximum Free Cash amount allowed.

OANDA TMS has the right to terminate this offer or change the interest rate rules by amending the Table of Fees and Commissions.

The amount of interest is subject to flat income tax at the rates in effect at the time the interest is transferred to the Cash Account in accordance with applicable laws. OANDA TMS may be required to withhold the amount of income tax on interest from the Cash Account.

These terms and conditions apply only to Clients who are natural persons.

The interest rate on CFDs (TMS Connect / TMS Connect Professional) does not apply in situations where the client entered into an individual written addendum as referred to in point XI.

Interest for a given month will be credited to the Cash Account only if the accrued interest meets or exceeds the following thresholds: PLN 1, EUR 0.25, USD 0.25, GBP 0.25, or CZK 5 or RON 1. If these thresholds are not met, interest for the given month will not be due.				

* Or the equivalent in EUR, GBP, CZK, RON or USD of this amount at the exchange rate of the National Bank of Poland as at the date of submission of the withdrawal instruction.

*** If you hold a long position on a Share CFD, any dividend income you receive is subject to either a tax or a tax equivalent charge. The rate of tax or tax equivalent that you pay is dependent on the country of domicile of the company whose Share CFDs you have purchased. This country information can be found in the Instrument Specification in the MT5 platform of the Instrument Information section. If you have purchased a Share CFD of a United States domiciled company then the tax that you pay is determined by your country of tax residence and the tax treaty rate between your country and the US. If your country of tax residence does not have a tax treaty with the US, then the default rate indicated in Table - Negative cash flows resulting from tax or equivalents of corporate actions (corporate events) is applied.

NOTES:

A commission or fee expressed in a currency other than the Account's Base Currency shall be converted into the Account's Base Currency at the Exchange Rate available in the trading system.

Unless the context or provisions of the relevant terms and conditions of service provision indicate otherwise, the above fees and commissions include VAT at the applicable rates under separate provisions.

The costs of third party banks - mediating the funds transfers - shall be borne by the Client.

The funds deposited on the Cash Account are interest-free. Interest earned on funds deposited on the Client's Cash Account constitutes remuneration for OANDA TMS for maintaining the Client's Cash Account and is intended to cover costs related to IT infrastructure.

Commissions are charged separately for the opening and closing of a position.

The commission is charged and debited to the cash account after the opening and closing of the position.
